## Welcome to your Tesco Pet Insurance policy

This policy is a legal contract between you and us, the policy wording and policy schedule make one document and must be read together. Once you are happy that the information is correct and that the cover is what you need please keep your policy and schedule together.

Our part is:

- that we'll provide the cover set out in this policy for the policy period set out on the policy schedule.

Your part:

- you must pay the premium as shown on the policy schedule for each policy period;
- you must meet the conditions set out in this policy.

If your part of the contract is not met, we may turn down a claim, increase the premium or you may find that you don't have any cover.

We can choose not to offer renewal of a policy, if we do, we would let you know in advance of your renewal date so that you have enough time to make alternative insurance arrangements.

# Vet fees

**Your** policy schedule shows **you** which cover **you** chose for **your pet(s)**.

The cover and exclusions shown in **your** policy apply to all **pets we** agree to cover.

The following information is included as part of the terms and conditions of **your** cover.

## Treatment periods

### Accident & Injury or Standard Cover

**We** pay **vet fees** for 12 months from the first date of treatment or until **your vet fee limit** shown on **your** policy schedule is used up, whichever happens first.

Once that has happened **you** will no longer have cover for that injury or illness. **Your vet fees limit** can be used for treatment **your pet** needs for new health issues.

If **your vet** gives advice but carries out no treatment, the 12 months period doesn't start.

### Extra Cover

**We** pay **vet fees** from the first date **your pet** has treatment for each separate or connected illness, injury or change **you** or **your vet** notice in its health or behaviour. Payments carry on until the **vet fee limit** shown on **your** policy schedule is used up. There is no time limit for how long payments will be made with this cover. Once the **vet fee limit** is used up **you** no longer have cover for that injury or illness. The **vet fees limit** can be used for treatment **your pet** needs for new health issues.

### Premier Cover

**We** pay **vet fees** from the first date **your pet** has treatment for illness, injury or change **you** or **your vet** notice in its health or behaviour.

Payments carry on until the **vet fee limit** shown on **your** policy schedule is used up in each **policy period**. This applies as long as **we** can continue to offer cover, **your** premiums are paid and the policy is renewed each year. If **we** offer and **you** accept **our** renewal invitation, **your** chosen **vet fees limit** will be available to use again in the next **policy period**. This cover includes cover for both ongoing and short term health issues.

## Repeating or connected health issues

If **your pet** suffers from a number of illnesses or injuries, or changes in its health or behaviour the treating **vet** will be asked if these health issues are connected.

If the **vet** confirms that they are, they'll be considered as one and the amount **we** pay **you** will be up to the **vet fee limit** for all the connected health issues.

If the **vet** confirms that they're not connected health issues the amount **we** pay **you** will be up to the **vet fee limit** for each illness, **accident**, or change in its health or behaviour.

## Investigations into health issues

If the cause of a health issue is not clear **we** pay the treatment costs while **your vet** carries out investigations, except when **you** or **your vet** notice changes in the health or behaviour of **your pet**:

- before this policy started;
- or in the first 14 days of **your** cover start date (Standard, Extra & Premier cover);
- or in the first 5 days of **your** cover start date (Accident & Injury cover).

If once investigations are completed **your pet** is diagnosed with a health issue that is not covered under this policy, **we** don't make any further payments.

## Accident & Injury Cover

### When we can help you

**We** pay for treatment **your pet** needs from a **vet** practice if it is injured in an **accident**, this includes treatment for its teeth or gums if they are damaged in the **accident**.

If an **accident** causes more than one injury to **your pet** the amount paid would be up to the amount shown on **your** policy schedule for all the injuries which happened in the same **accident**.

If the **accident** causes a later illness, this illness will be treated as part of the same **accident** and any payment will be made from the **vet fee** limit for the same **accident**.

Treatment means examinations, consultations, tests, x-rays, surgery, medication or care.

### How much help can we give you?

**We** pay up to the **vet fees limit** shown on **your** policy schedule for the treatment period detailed on page 6 for each **accident**. If **your vet** refers **your pet** for physiotherapy, osteopathy, chiropractic care, hydrotherapy, acupuncture or homeopathy **we** include up to £500 cover for this treatment.

### When we can't help you

**We** don't pay if **you** or **your vet** notice changes in **your pet's** health, or behaviour before this policy cover starts, **we** won't pay claims for these changes or any injury or illness that develop from these changes.

**We** don't pay for the cost of any treatment for **your pet** if it has an **accident** within the first 5 days of its cover start date, or for any illness that develops from this **accident**. This exclusion only applies in the first **policy period** for a **pet**.

**We** also don't pay:

- the cost of treatment **you** choose for **your pet** that isn't as a result of an **accident**;
- for any illness that isn't as a result of an **accident**;
- for any injury that occurred outside of the United Kingdom, Channel Isles or the Isle of Man;
- for treatment or complementary therapy carried out outside of the United Kingdom, Channel Isles or the Isle of Man;
- for teeth or gums if they're damaged due to tooth decay, dental or gum disease.

## Standard or Extra Cover

This exclusion only applies in the first **policy period** for a **pet**.

**We** don't cover treatment for teeth or gums if they're damaged due to tooth decay, dental or gum disease.

## Premier Cover

### When we can help you

**We** pay for the treatment **your pet** needs from a **vet** practice. This includes treatment for its teeth or gums as long as the teeth and gums are checked each year by a **vet** and any treatment the **vet** tells **you** is required is carried out. Once any required work has been carried out, should **your pet** then suffer from tooth decay or gum disease before the next yearly check up, **we** will pay.

If no yearly check has been carried out, or if the work required is not carried out **we** only pay for treatment to teeth or gums if they are damaged in an **accident** or if an underlying illness has caused tooth decay or gum disease or if the teeth need to be removed to treat an illness. **We** also pay to remove first teeth that haven't fallen out naturally, as long as **your pet** was included on this policy before it was 16 weeks old.

This exclusion only applies in the first **policy period** for a **pet**.

### For any cover we can't help you with the following:

- **We** don't pay the excess shown on **your** schedule, this is the part of the claim **you** have to pay. The way the excess is taken will depend on the cover type **you** chose:
  - **Accident & Injury, Standard or Extra** – For each claim for each different illness or **accident**.
  - **Premier** – For each claim for each different illness or **accident** in each **policy period**.
- **We** don't pay for routine examinations or check ups, vaccinations, homeopathic vaccination alternatives, flea, tick or worming treatments, clipping nails, bathing, de-matting, spaying or castrating **your pet**.
- **We** don't pay for food (even when prescribed by a **vet**).

- **We** don't pay for treatments which do not treat an illness or injury, or that are preventative or cosmetic or that are connected with **your pet** being pregnant, giving birth or rearing puppies or kittens.
- **We** don't pay for home visits or visits to **your vet** outside of normal surgery hours for treatment unless **your vet** considers **your pet** can't be moved or couldn't wait until normal surgery hours to be seen.

### All cover types – what we need you to do, to help us help you

**We** provide a fast and efficient service to make sure payment is made as quickly as possible. To help **us** to do this, please read this section, it tells **you** about the information **we** need. Please let **us** know within 31 days of **your vet** telling **you** that treatment is needed and not later than 60 days after treatment starts and send **your** claim to **us** promptly. Please make sure that **you** and **your vet** sign any claim form and that **you** tell **us** if **you** want **us** to make payment to **you** or straight to **your vet**. **We** can arrange to pay most **vet**s directly. Please ask **your vet** if they are happy to do this, and if **we** are able to, **we** will take care of the rest.

To get a claim form, please visit [www.tescobank.com/pet](http://www.tescobank.com/pet) to download a claim or phone **us** on **0345 078 3860**.

Please tell **us** if it's a third party claim form **you** need.

Please tell **us** the policy number that is printed on **your** policy schedule every time **you** contact **us**.

If **your pet** needs to be treated by a referral **vet**, and it is not for emergency treatment, **you** can use the following ways to find your nearest **vet** from our preferred referral **vet** network:

- **your** usual **vet** will have details and can let **you** know which referral **vet** from **our** preferred referral **vet** network is closest to **you**;
- details of the **vets** in our preferred referral network can be found on [www.tescobank.com/pet](http://www.tescobank.com/pet);
- **you** can contact the Tesco Vet Referral Helpline on 0330 100 6460;

If **you** choose a referral **vet** from outside **our** network, **you** will need to pay £200 of the referral **vet** bill yourself. This amount is in addition to **your** policy excess.

If **your pet** needs emergency treatment for a situation that if not resolved immediately will lead to a loss of life or cause a serious threat to the present or ongoing health of **your pet** **you** will not have to pay the additional £200 excess regardless of which referral **vet** **you** visit.

Treatment by a referral **vet** occurs when **your** usual **vet** advises **you** that **you** need to go to another **vet** for a certain procedure, for example a surgery or treatment. **You** might be asked to visit a different veterinary centre/hospital/practice, or another branch of **your** existing practice. After a referral visit and any required treatment has taken place, it is normal for future visits to be with **your** usual **vet**.

**You** need to keep all invoices and receipts that **your vet** gives **you** in connection with **your** claim, then send these along with a complete medical history for **your pet** to **us**. **We** need this to be a record of all visits **your pet** has made to a **vet** and **you** can get this information from each **vet** practice **your pet** has attended.

If **your vet** tells **you** that treatment will happen all at once or over a few visits, **you** can send the completed claim form along with all the information detailed above to **us** once all the treatment is completed.

Or if **your vet** is treating a condition that is going to require long term treatment, please send **us** a claim form completed by **you** and **your vet**, along with all the supporting information detailed above within three months of the treatment starting, after that **you** can then send **us** claims for any ongoing treatment including updated medical records showing the treatment **your pet** has received, invoices and receipts every three to six months. If any of the information **we** require isn't provided it will delay **your** claim. **You** need to agree that **your** current, previous or referral **vet** may release information or records regarding the medical history, including test results for any **pet** insured with **us**. If **your pet** is referred to another **vet**, **we** need copies of any reports the referral **vet** completes.

**We** may ask **your vet**, to provide an opinion on whether conditions are connected, and the date changes in the health or behaviour of **your pet** started. While **we** are providing help **we** may need to release information about **your pet** insurance policy to any **vet** who has treated **your pet** or is about to treat **your pet**.

If there is any amount other than the excess that **we** can't pay because the costs are not covered by **your policy**, **we** would tell you about this. **You** need to pay **your vet** yourself for these.

**We** don't cover the cost of completing claim forms, obtaining receipts, invoices or reports required as part of the claim.

If **you** haven't told **us** about a claim within 60 days of it occurring, **we** won't pay the claim.

If **you** have **vet** bills that are 12 months old or older and **you** haven't passed them to **us**, **we** won't pay them.

Please make sure **you** read the policy conditions, claim conditions and exclusions.

**We** need **you** to tell **us** if the information on **your** schedule is incorrect. If any of the changed listed below occur, please tell **us** as soon as **you** know about them. If inaccurate or out of date information is provided it may affect the premium **you** pay and the claims **we** may agree to pay. **Your** claim payment may be reduced or payment may not be made, **your** policy may be cancelled and **you** may not receive a refund of premium.

- **You** are going to move home;

- a claims payment under **your** policy; or
- cover for which **you** do not qualify; or
- cover at a reduced premium;

all benefits under this policy will be lost, the policy may be invalid, **you** may not be entitled to a refund of premium and legal action may be taken against **you**.

## Financial sanctions

**We** won't provide any cover or be liable to provide any payment or other benefit under this policy where doing so would breach any prohibition or restriction imposed by law or regulation. If any such prohibition or restriction takes effect during the policy period **we** may cancel this policy immediately by giving **you** written notice at **your** last known address. If **we** cancel the policy a refund of the premiums already paid for the remainder of the current **policy period** will be made, provided no claims have been paid or are outstanding.

## Adding or removing a pet

**You** may add or remove a pet from **your** policy at any time, subject to **our** agreement, and **we** may charge **you** for this change.

If **you** decide to pay **your** premium in monthly instalments under a linked loan agreement **we** continue to take payments unless **you** tell **us** to stop.

If **we cannot** collect an instalment payment a default letter will be sent to **you**, telling **you** that payment can't be made and giving **you** at least 17 working days notice of the final date by when **we** need to receive **your** payment or new payment instructions.

If this amount is not paid by the date given in our reply to **you**, then all cover under **your** policy will be cancelled from this date.

If **you** pay the full annual premium and **you** cancel this insurance **we** refund a proportion of the premium already paid for the remainder of the current **policy period**:

- if **you** haven't made a claim; or
- if **you** only made claims due to the death of **your pet**, or due to **your pet** being stolen or lost.

**We** won't refund a proportion of the premium already paid for the remainder of the current **policy period** if **you** made a claim for any other reason.

## Changing cover levels

If **we** agree to a change in **your vet fees** cover level, the change will apply from the renewal date of **your** policy and will only apply to new illnesses or **accidents** after the renewal date.

## Changing your policy and premium

The aim is to help us check information that is given to us and to prevent or detect crime, including fraud. When we process your request for insurance cover or when you make a claim, we may search these registers. If you give inaccurate details or fraud is suspected this may be shared with fraud prevention agencies, and may also be used by other organisations to make decisions about you and others in your household on credit, insurance (including claims), debt tracing, and to prevent crime. If such companies suspect fraud, we will share your relevant personal information with them. We and our panel insurers may research, collect and use data about you from publicly available sources, including social media and networking sites. We and our panel insurers may use this data for the purposes of fraud detection or prevention. Under the conditions of your policy, you must tell us about any incident, whether or not you think it is likely to give rise to a claim. When you tell us about an incident, we will pass information relating to that incident to these registers.

### **Do you process sensitive personal data?**

We may occasionally process data which the Data Protection Act 1998 defines as "sensitive personal data" where necessary, for example where you tell us that you have medical condition which requires special treatment or where we have to process information relating to criminal convictions in connection with your insurance policy. You will be asked to consent to our use of data when you take out the relevant product or provide the information.

### **How will you use my information to contact me?**

If you provide us with an email address or mobile phone number, we may send you emails or text messages with operational messages about your application or policy. As texts and emails can be intercepted, we will keep confidential information to a minimum and you should never send us any confidential information via text or email.

**Will you send me marketing information?**

We will send you tailored marketing information by post, telephone, text and email, but only if you have agreed to receive marketing information via these channels. We only send you information about products that we think you would like to hear about. You can opt out of marketing through these channels during the application process or at any time by using the unsubscribe options when we contact you or by calling us on 0345 078 3895.

**Will you send my information to other countries?**

We might do this, for example where our service provider has a data centre overseas, but only when we can be sure your information will be adequately protected. Your information may be accessed by law enforcement agencies and other authorities. They do this to prevent and detect crime, or to comply with other legal obligations.

**How long will you keep my information?**

We keep your information for as long as we need to for legitimate business purposes and for legal and regulatory reasons. We will retain your information after your policy has closed for these purposes.

**What will happen if you change how my information is used?**

We might do this from time to time. If we think you would not expect this change, we will write and tell you about it. If we don't hear from you within 60 days, we'll assume you agree to the change.
